Designing a Presentation

Design is the creation of a plan or convention for the construction of an object, system or measurable human interaction. Design has different connotations in different fields (see design disciplines below). In some cases, the direct construction of an object (as in pottery, engineering, management, coding, and graphic design) is also considered to use design thinking.

Designing the perfect warehouse is an area where even angels can fear to tread. The devil is in managing myriad details, complicated by the fact that a design made in heaven is never the same for any two facilities-even within the same organization. While the process is exhaustively detail-laden ...

- [Voiceover] Hi, I'm Gary Yeoman, and welcome to Designing a SharePoint Taxonomy. In this course, we'll look at how to decide between SharePoint components to build a long-lasting, maintainable document and data management system. I'll start by explaining how your documents can be organized, and some of the primary concerns when deciding how to arrange them.
