International Development, Jobs, NGOs - DevNetJobs.org

International development or global development is a wide concept concerning level of development on an international scale. It is the basis for international classifications such as developed country, developing country and least developed country. There are however many schools of thought and conventions regarding, which are the exact features constituting development of a country.

International development - Wikipedia

International law is the set of rules generally regarded and accepted in relations between nations. It serves as a framework for the practice of stable and organized international relations. International law differs from state-based legal systems in that it is primarily applicable to countries rather than to private citizens. National law may become international law when treaties permit ...
