Johnson This compilation of 10 articles on interrogation methods and their efficacy comprises the first phase of a larger project sponsored by the Intelligence Sci-

Educing Information: Interrogation: Science and Art

Educing information refers to information elicitation and strategic debriefing as well as to interrogation. Educing Information is a profoundly important book because it offers both professionals and ordinary citizens a primer on the science and art of both interrogation and intelligence gathering. It concludes with an annotated bibliography.

Educing Information - Interrogation: Science and Art

The odd and esoteric title, Educing Information, is an attempt to soften the topic for potential readers, but I doubt if it will accomplish much more than to confuse library catalogers as well as those searching for material on "interrogation," not "education."

Educing Information: Interrogation: Science and Art

"Educing information" refers to information elicitation and strategic debriefing as well as to interrogation. Educing Information is a profoundly important book because it offers both professionals and ordinary citizens a primer on the "science and art" of both interrogation and intelligence gathering.

interrogation policies, practices, and procedures for the future. In 2004 the Intelligence Science Board (ISB) established the Study on Educing Information¹ to examine the current state of scientific knowledge regarding interrogation and learn about training programs that prepare individuals to conduct custodial interrogations.

Intelligence Science Board

Designed specifically for intelligence professionals, Educing Information has little value in and of itself to Air Force readers unless they have direct responsibility for interrogation operations. Politically, the book is very interesting because it offers a glimpse into the intelligence community's first reaction to the Abu Ghraib crisis.

NDIC - Educing Information | Interrogation | Unrest

In September 2004, the Intelligence Science Board, an advisory board appointed by the Director of National Intelligence, initiated the Study on Educing Information (EI). This study is an ongoing effort to review what is known scientifically about interrogation and other forms of human intelligence collection and to chart a path to the future.
